

## Final Project: My Europe Adventure

A couple years ago my family and I went on a 2 weeklong trip to Europe. My family would like to make a website that would showcase the sights we saw and the adventures we went on in London, Ireland, and Spain. My family wants this website as a keepsake, but also as an easy way for our other family and friends to access it and see our trip for themselves'. This site should be full of photos, maps, and should have links to the travel agencies, tours, and transportation we used, as well as reviews of them all so people who are interested in making similar trips may use them.
